

I'm just going to sketch in the little history that I know and I hope those who know better than me (Those with a better memory) will email me and set me straight on the details.

Bruce Baugh created the Christlib email discussion list. (No picture available)

I believe it was in the fall of 1994. I think I joined the list in February of 1995.

E-groups picked up the list on 12/4/1996.

Dar Scott

took over the list from Bruce in 1998 or possibly 97.

Yahoo Groups took over E-groups and carried the group until 7/4/2001

In August 2002 Dar handed the list over to Bill Reveile. (No picture available) (ha)

If you want to see more details here then feel free to send them to me and I will try to include them.
